AFTER SICKNESS

How to Recover Strength.

So many Norwich people are asking how to recover their strength after sickness that we are publishing this information for their benefit. After gripe, pleurisy, pneumonia or any illness what you need is new strength and richer blood. The most certain way to get this is by taking Vinol which contains beef and cod liver peptones, iron, manganese, potassium and glycerophosphates. It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy robust condition. North Adams, Mass.—"After a long illness of pneumonia I was left in a weakened, delicate condition, and for a long time had searched for a body-builder and strength creator. I was attracted by an advertisement of Vinol, and tried a bottle and soon noticed a vast improvement. I continued its use for a while, and am now as able-bodied and strong as any man in town." Samuel Wood, North Adams, Mass. Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength.

The "J-M" Fire Extinguisher

There are always more fires during the winter months than at any other time, due to the overheating of furnaces, stoves, etc. No matter when or where fire springs up, you are ready—if there is a J-M Extinguisher within reach. Anyone can operate the J-M—give a few quick strokes of the pump, open the nozzle lever, and you release a steady, powerful, pressure-thrown stream which shoots straight to the base of the flames.

WESTERLY BANKING HOUSE OPENED

Over 1,500 Visitors Inspect Finely Appointed New Building, at Formal Opening Saturday—Financial Town Meeting to be Held in February—Memorial Tablet to Miss Clark Unveiled at Clarkville Chapel Dedication—Dr. A. E. Girouard Addresses Holy Name Society.

JAMES M. PENDLETON,
Manager Industrial Trust Co.

The new building of the Westery Branch of the Industrial Trust company that opened for business on Monday of last week, was open to the public for inspection last Saturday and hundreds visited the building and made a careful inspection from the basement to cupola, including the latest approved safety vaults and all that goes to make complete a modern banking house on a fire and burglar proof basis. The new building, which is fully described in The Bulletin, is not the largest building in Westery, but it is one of the handsomest and best equipped for its purposes in the state.

At 2 o'clock Saturday afternoon, the bank building was open to public inspection and from that hour until six in the evening over 1,500 persons visited the building and were welcomed by Manager Pendleton who was stationed at the right of the entrance and passed the cigars to the gentlemen, while the ladies passed on, and as they entered the gallery they were regaled with tea and cakes, served by Mrs. James M. Pendleton, Mrs. Lewis Pendleton, Mrs. Darrach and Mrs. C. By. Cottrell, assisted by Mrs. Frank Foster Dodge, Miss Margaret Cottrell, Miss Angeline Cottrell and Miss Esther Dodge. There was music all through the reception by the Maxson trio stationed in the gallery, opposite where the tea was served. Among the visitors were these officers of the Industrial Trust company, from Providence, H. Martin Brown, president, F. C. Nichols, a vice president, Ward E. Smith, treasurer, and Henry B. Congdon, secretary. There were also visitors from Norwich, New London, Stonington, Mystic, Noank, Willimantic, Carolina, Richmond, Wakefield, Kingston and other places in eastern Connecticut and southern Rhode Island. There was a steady stream of visitors for every minute during the hours of public inspection, and so gradual that at no time was the banking building uncomfortably crowded.

The people of Westery are naturally proud of the distinction of having one of the very best banking houses in the state, and also two of the most reliable banks in the country—the Industrial Trust company and the Washington Trust company, the latter having been in existence for 117 years and the third oldest bank in Rhode Island.

The agitation by the Westery Board of Trade to change the date of the financial town meeting from May to the first Tuesday after the first Monday in February, has resulted in success. The object of the change, in the main, is to make the appropriation for highways available in the early spring, so that the work may go forward and in some instances completed before the summer season opens in June. Senator Gorton, for the judiciary committee, offered an act fixing the time for the meeting on the first Tuesday after the first Monday in February, and urged its passage under suspension of rules. Senator McKenna objected to immediate consideration. Senator Langworthy explained that it would be much more convenient for the taxpayers to hold the meeting in February than in May, as at present the meeting was withdrawn and the act passed.

Sunday was Billy Sunday day, in the Baptist and Congregational churches. In Calvary Baptist church Rev. Frederick A. C. Jones repeated his sermon on My Experience at the Billy Sunday Meetings, and the subject of the sermon by Rev. F. Stewart Kinley, in the First Baptist church at the Head of the Trail and at the

Foot of the Trail. In the Pawcatuck Congregational church Rev. Frederick A. McDonald's subject was Billy Sunday—The Man and His Message.

Rev. Edward Sprague Gould, department chaplain of the Grand Army of the Republic, Rhode Island, and well known to the Civil war veterans of Westery and vicinity, died Saturday evening at his home in Providence, from ailments incidental to age. He was born in New Braintree, Mass., February 20, 1841, and was widely known as a Congregational minister and educator. He was ordained in 1873 after graduation from the Andover Theological seminary. Mr. Gould enlisted in the Civil war in September, 1862, as a private in Company F, Fifty-first Massachusetts Volunteers, for a three months' service, and was discharged Aug. 27, 1863. He reenlisted July 15, 1864, as private in Company F, Sixtieth Massachusetts, and was discharged July 15, 1864, as corporal November 27, 1864.

The tablet reads: "In memory of Janet McGregor Clark—1888-1916—daughter of Mr. and Mrs. William Clark, who made possible the building of this chapel, this tablet is gratefully dedicated by the attendants of the Clarkville Union Chapel."
